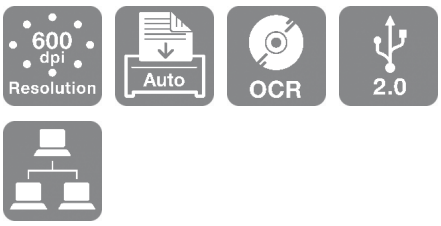
DATASHEET / BROCHURE



Improve document workflow processes with this reliable A3 network-ready departmental scanner

This A3 networked scanner addresses the needs of companies who require fast, reliable and versatile document capture conversion, for electronic document archiving and distribution.

Scanning up to 40 pages per minute, this efficient and reliable device meets the needs of medium and large businesses seeking enhanced document workflow. This scanner provides fast and trouble-free scanning due to a 200 A3-page ADF, one-pass duplex scanning, and double feed detection. Additionally, the 'scan to' functions*1 offered by Document Capture Pro enable even greater productivity.

This scanner and its features can be shared between multiple users with the built-in Network Interface Panel. Combined with Document Capture Pro solutions, the Network Interface Panel allows users to benefit from Push Scan features and customise ‘scan to’ job functions, such as ‘scan to email’ or ‘scan to Microsoft SharePoint®’, among others*2. These features enable complicated tasks to be carried out effortlessly.

Document Capture Pro makes it easy to integrate this document scanner into your document management system, speeding up workflow and enabling users to capture, convert and distribute scanned information in virtually any document repository or document management system.

Document Capture Pro Server addresses companies who are looking for advanced push scan functions and other Document Capture Pro features on their shared devices without the need to install software on individual computers.

Epson ReadyScan LED technology eradicates warm-up time and lowers power consumption.
