LabelWorks LW-Z710

Quickly and easily create accurate labels on the go with this compact, portable and rugged label maker

Designed for those working in challenging 'non-office' environments where the user needs to quickly, accurately and cost-effectively create labels on the spot, from a rugged, compact, handheld device. The LW-Z710 boasts an intuitive interface and configures seamlessly across different users, platforms and devices.

Smartphone and tablet label maker
With its flexible connectivity options, you can either print from your computer, or download the free Epson iLabel app[2] to create and print labels directly from your iOS or Android device. Thanks to its Bluetooth connectivity[1], you can connect remotely anywhere without the need for a network and share the label maker with multiple users.

Easy-to-use
The user can create labels on the spot - quickly, affordably and accurately. These can easily be applied to electrical, communication cables and equipment (e.g. within server rooms, patch panels).

Fast, quality printing
Featuring 180dpi print quality, labels are crisp and clear. The LW-Z710P also offers print speeds of up to 15mm/sec.

Compact and portable
It's lightweight, easy to carry and the strong and durable design is protected by a rugged, soft silicon casing.

Battery and mains powered
It comes with a handy AC adapter or can be used with six AA batteries, so you'll always have power when you need it.

DATASHEET / BROCHURE

KEY FEATURES

- **Bluetooth compatible[1]**
  Multiple users can print
- **Productive**
  Fast print speeds of up to 15mm/sec
- **Variety of label and widths**
  Glow-in-the-dark, reflective and iron on tapes. Prints label widths of up to 24mm
- **Small footprint**
  Lightweight and easy to carry
- **Value-for-money**
  Less wastage thanks to long tapes (up to 9m and small 10mm margins)
